## **7. Discussion Items**

### **A. STAC Update**

Kicking off a TMD program in June starting at 11am. Networking open forum focused on PI with a focus on how to deal difficult feedback.

The Level 3's & 4's workgroups continues to meet. No specific deadline.

Data workgroup now stood up which will work on how to share data.

A short slide deck was shared with some trauma data. Question on IF there was an ability to narrow down the data to a specific hospital.

June 3<sup>rd</sup> next STAC meeting

### **B. Peds Workgroup**

All the hospitals are sharing resources on extremities. The hope is to have something ready for the next MMRTAC meeting.

### **C. Geriatric Workgroup**

No projects being worked on currently other than the on line resources. The group is looking for thoughts.

Discussion with the group in sharing what is being seen throughout the hospitals within the region. A thought to develop a guideline to help hospitals with geriatric c spine patients.

Email Melanie Smalley with interest in helping the focus group with the project identified above.

### **D. MDH Grant**

The MMRTAC has signed the RTAC grant for \$8,000 which needs to be spent by August 31, 2025. Looking for ideas from the group if there are any beyond the
